

Stimulating Psychiatry: an update on brain stimulation treatments for depression

Professor Paul Fitzgerald

Paul is Professor of Psychiatry, Deputy Director and Consultant Psychiatrist at Alfred Psychiatry Research Centre, a joint research centre of Monash University and the Alfred Hospital in Melbourne. He is a qualified psychiatrist, has a Masters of Psychological Medicine and research PhD.

He runs a substantive research program utilising brain stimulation and neuroimaging techniques including transcranial magnetic stimulation, functional and structural MRI, EEG and near infrared spectroscopy. The program has focussed on the conduct of investigative studies of brain function / dysfunction as well as the conduct of a variety of novel clinical trials in Mood, Anxiety, Psychotic and Developmental Disorders.

He has published over 100 papers and received grant funding from the NHMRC and a number of US based organisations and is a current NHMRC Practitioner Fellowship holder.
